

# SPREAD THE DEBT AROUND

Ha! If only it weren't the truth...

And yes, that might be Nancy Pelosi, but just as likely – Denver's own Dianna Degette “Your Money!” After all, Degette voted for the TARP/banker bailout – TWICE!

I helped George Lilly on his campaign for Congress in Denver, in part, to try and stop the Degette machine. Along with many other Ron Paul endorsed Republicans, George tried to get out the message of liberty, peace and prosperity. And no bailouts!

Fortunately, many Paul-ites are still meeting locally and trading ideas online via sites like:

- CampaignForLiberty.com
- LewRockwell.com
- DailyPaul.com
- MeetUp.com – Ron Paul groups 26, 457, and 1797 (all are in or around Denver – join us!)

Or after you finish up on the usual *Drudge Report* and *Face the State* take to Googling Up some gems:

- “Austrian vs. Keynesian”
- “fractional reserve banking” + “fraudulent”
- “sound money”
- “noninterventionism”

With liberty,
